September 12, 2024, 5 – 8 pm - Union Jack's, Columbia, MD

MASFA Dinner Meetings – Get Yourself Connected

Thursday, September 12, 2024, 5 – 8 pm. Our dinner meeting is the best place in the Northern Virginia, Washington, and Baltimore region to network with people in the cold-formed steel industry: Contractors, suppliers, manufacturers, and designers are always part of the mix. Our dinners provide you the opportunity to:

- 1) Network with industry colleagues during our cocktail hour.
- 2) Learn about important industry topics (many of which include continuing education credits) from various industry experts.

Topic: Job & Jobsite Management Systems - Plan For The Best / Prepare For The Worst

1.0 PDH

Speakers: Catherine Roos & Adam Chernow, Account Executives – OpenSpace
Matt Heilman, Construction Success Manager - Hilti

Continuing Education Credits Available: 1.0 Engineering PDH Credits

PROACTIVE

REACTIVE

Agenda Highlights:

Contractors can significantly empower themselves by ensuring they have accurate information readily available, efficiently tracking project progress, and seamlessly accessing job site data with modern technological tools. Despite the construction industry's historical reluctance to adopt new technology, solutions such as Open Space and Fieldwire offer opportunities to proactively capture and store project data in real time. This proactive approach not only mitigates risks but also enhances operational efficiency, potentially leading to improved project outcomes and increased profitability over time. This presentation will explore options where both Open Space and Hilti can help your company be proactive in both data capturing and storage of project documents in real time. It will show how contractors can help themselves by having the right information, record progress and have access to job site information at the touch of a button. The idea of reducing risk is real and can only boost your bottom-line job-by-job.
