MASFA Dinner Meetings – Get Yourself Connected

Wednesday, January 8, 2025, 5 – 8 pm. Our dinner meeting is the best place in the Northern Virginia, Washington and Baltimore region to network with people in the cold-formed steel industry: Contractors, suppliers, manufacturers, and designers are always part of the mix. Our dinners provide you the opportunity to:

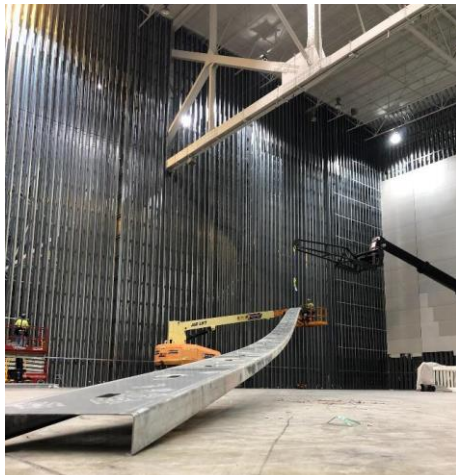

- 1) Network with industry colleagues during our cocktail hour.
- 2) Learn about important industry topics (many of which include continuing education credits) from various industry experts.

Topic: Decoding Wall Type Schedules

1.0 PDH

Speaker: Don Allen, P.E., Executive Director – Steel Framing Industry Association

Continuing Education Credits Available: 1.0 Engineering PDH Credits

Agenda Highlights: Framing contractors and general contractors need to understand and correctly interpret wall type schedules for both bidding and construction. Often these schedules contain conflicting and duplicative information or are missing key elements needed for an accurate bid. This presentation will discuss the contents of wall type schedules, what some of the issues are, and give strategies for working through these issues to accurately interpret what is needed.

MASFA is offering this education and networking opportunity to help you succeed.
